

Rescue Hold Request Form

THIS FORM CAN ONLY BE FILLED OUT BY THE LICENSE HOLDER.

All rescue holds must be submitted by using this form before 4:00pm Tuesday. No requests will be accepted after that time; in addition all holds will only be honored for a period of 48 hours after the hold is received. Holds are not guaranteed but every effort will be made to accommodate a rescue hold when possible and based upon health of the animal or space available at the shelter. A rescue hold will not prohibit a citizen from adoption of an animal on hold for a rescue. All other protocol outlined in FCAC SOP 105 will also be observed and that information can be found at our website.
