B. Contractor's Responsibilities The Contractor shall take appropriate steps to assure compliance with paragraph (A) of this section, and will incorporate the following provision into every sub-contract:

"Interest of Sub-Contractor and Employees The Sub-Contractor covenants that no person who presently exercises any functions or responsibilities in connection with the Community Development Block Grant Program has any personal financial interest, direct or indirect, in this Contract. Any interest on the part of the Sub-Contractor or his employees must be disclosed to the Recipient and the City, provided, however, that this paragraph shall be interpreted in such a manner so as not to unreasonably impede the statutory requirement that maximum opportunity be provided for employment of and participation by residents of the area."

SEC 11. DEBARRED CONTRACTORS: CDBG/HOME funds may not be used to directly or indirectly employ, award contracts to or otherwise engage the services of any contractor or subrecipient during any period of debarment, suspension or placement of ineligibility status. The

City will check all contractors, subcontractors, lower-tier contractors and subrecipients against the Federal publication that lists debarred, suspended and ineligible contracts.

SEC. 12. DISPUTES, DEFAULT AND TERMINATION

A. **Disputes** In the event of dispute arising under this Contract, the Contractor shall notify the City promptly in writing of their contentions and submit the claim. If the dispute arises before performance of the related work, the written notice shall be submitted prior to commencing such work. In any event, the Contractor shall proceed with such work in compliance with the instructions of the City; such compliance shall not be a waiver of the Contractor's rights to make a claim, provided they have notified the City in writing as above stipulated.

B. Default and Remedies

1. Default shall consist of any failure by the Contractor to perform under this contract or written amendments thereto or any breach of any covenant, agreement, provision or warranty provided by the Contractor as a part of this contract. Actions which constitute a default include, but are not limited to:

a. Failure to submit to the City reports which are required pursuant to this contract or the submission of required reports that are incorrect or incomplete.

b. Submission of requests for payment or reimbursement of amounts that are incorrect or incomplete.

c. The failure of the Contractor to accept any additional conditions which may be provided by law, by executive order, by regulation or by other policy announced by the Town/County, the state or any federal agency.

d. Failure to perform any activity required by this contract.

2. Upon occurrence of any default, the City shall advise the Contractor in writing of the action constituting the default, and specify the actions that must be taken to cure the default. The City may suspend payment under the contract. If a default is not cured within 30 days from receipt of written notice of such default by the Contractor, the City may continue the suspension or, by written notice of termination, may terminate the contract.

3. Notwithstanding the above, the Contractor shall not be relieved of liability to the City for damage sustained by the City by virtue of any default or breach of the contract; and the City may deduct the amount of damages from any outstanding payments to the Contractor or may withhold payments until such time as the exact amount of the damages is determined.

C. Termination

1. If federal funding for this project is terminated and no other funding is available for continuation of this project, the City will not be obligated to continue funding for the services contained in this contract and may terminate the contract.

2. In the event of termination, all property and finished or unfinished documents, data, studies, surveys, drawings, maps, models, photographs and reports prepared by or purchased with CDBG/HOME funds by the Contractor under this contract shall, at the option of the City, become its property and the Contractor shall be entitled to receive just and equitable compensation for any work satisfactorily completed hereunder.

SEC. 13. GEORGIA LIEN LAW, O.C.G.A. 44-14-361.5, provides that not later than 15 days after the Contractor physically commences work on the City's property, the City will file a "Notice of Commencement" in the Superior Court of Floyd County. Once a Notice of Commencement is filed, a potential lien claimant that does not have a contract with the owner must provide a "Notice to Contractor" to the City and the contractor within 30 days from the day if first furnishes labor or materials, or from the day the Notice of Commencement was filed, whichever is later. If the Notice to Contractor is not given, the potential lien claimant loses its lien rights. The Notice to Contractor must include the name, address and telephone number of the person providing the labor or materials, the name and address and telephone number of the person providing the labor or materials, the name and address and telephone number of the person providing the labor or materials were furnished, and a description of the labor or materials being provided. The Notice must also include the contract price or anticipated value of the labor or materials.
