INTRODUCTORY SECTION

The introductory section includes a transmittal letter from the County Manager and Comptroller/Finance Director, the GFOA Certificate of Achievement awarded for the prior year's financial report, a general government organizational chart, and a list of principal officials.

BOARD OF COMMISSIONERS

TWELVE EAST 4TH AVENUE, SUITE 209 • POST OFFICE BOX 946 • ROME, GEORGIA 30162
PHONE: 706.291.5110 • FAX: 706.291.5248 • www.floydcountyga.org

June 23, 2015

The Honorable Larry Maxey, Chairman
Members of the Floyd County Board of Commissioners
and Citizens of Floyd County, Georgia

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year, unless an extension has been approved, a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of Floyd County for the fiscal year ended December 31, 2014.

This report consists of management's representations concerning the finances of Floyd County. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of Floyd County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Floyd County financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the county's comprehensive framework of internal controls have been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The county's financial statements have been audited by Mauldin & Jenkins, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the county for the fiscal year ended December 31, 2014 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the county's financial statements for the fiscal year ended December 31, 2014 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

BOARD OF COMMISSIONERS

LARRY MAXEY, CHAIRMAN GARRY FRICKS, VICE-CHAIRMAN
IRWIN BAGWELL SCOTTY HANCOCK RHONDA WALLACE

The independent audit of the financial statements of Floyd County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the county's separately issued Single Audit Report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The county's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

Floyd County is located in the northwest portion of Georgia. It is considered the economic hub of this region. The county occupies a land area of 514 square miles and serves a population of 96,063. The county is empowered to levy a property tax on both real and personal properties located within its boundaries.

In 1917, an Act was approved by the Georgia General Assembly creating the Board of Commissioners of Floyd County. The county has been operating under a county manager form of government since 1983. Policy-making and legislative authority are vested in the Board of Commissioners consisting of five commissioners elected at-large on a partisan basis. The commissioners serve four-year staggered terms. The Board of Commissioners is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and hiring the government's manager, attorney and auditors. The County Manager is responsible for carrying out the policies and ordinances of the county commission, for overseeing the day-to-day operations of the government, and for appointing the heads of the various departments.

Floyd County provides a full range of services, including police protection; maintenance of roads and other infrastructures; court services; jail and prison; and solid waste collection. Through joint agreements with the city of Rome, fire protection; planning; building inspection; E911; emergency management; recycling and animal control services are provided countywide. Recreational services are provided countywide by a recreation authority, which is funded by Floyd County and user fees. Floyd County also operates a water treatment system.

The annual budget serves as the foundation for Floyd County's financial planning and control. All departments of the county are required to submit requests for appropriation to the County Manager, who in turn shall submit a recommended budget for the Board of Commissioners to review by the third Wednesday in November. The Board of Commissioners may then hold a budget hearing with each department. After holding a public hearing on the proposed budget, the final budget must be adopted no later than January 31st of each year. The appropriated budget is prepared by fund and by department. Department heads may make transfers of appropriations within a department with the exception of salaries, travel and equipment. Transfers of appropriations to salary or equipment line items or between departments, however, require the special approval of the governing board. Budget-to-actual

comparisons are provided in a report for each individual governmental fund for which an appropriated annual budget has been adopted.

Factors Affecting Financial Conditions

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which Floyd County operates. Also, during 2014 the county's financial condition was not impacted significantly by any financial policies.

Local Economy. Floyd County has a slowly rebounding local economy similar to what communities all over the country are experiencing. For the first time in five years, Floyd County saw its total tax digest increase over the previous year. The increase was a very modest .2%. Unemployment rate is down .8% to 6.9% for 2014. Sales tax collections increased in 2014 by 3.1%. This increase shows the local area is beginning to rebound from the down economy.

On a positive note, there were at least 230 jobs retained and approximately 120 new jobs created in 2014. Also during 2014, Floyd County continued to experience positive economic development as indicated by the number of jobs created and capital investments. International Paper invested approximately \$35,000,000 in 2014, will invest \$40,000,000 in 2015 and another \$35,000,000 in 2016. Bekaert Corporation invested an additional \$29,000,000 retaining 230 jobs. Foss Manufacturing Company purchased an available existing building and added 20 additional jobs. Wright Metal Products, a new company, purchased an available building in the Floyd County Industrial Park creating 50 new primary jobs. Furthermore, Neaton Rome had their fifth expansion in the 13 years since they came to Rome and Floyd County investing \$8,000,000 and creating 50 new jobs.

As in previous years, a large number of city and county capital projects are being completed locally as a result of a special purpose local option sales tax (SPLOST) that is in effect. Several school projects, recreational facilities and road projects were completed as well as part of the overall SPLOST packages.

Long Term Outlook. With hopes that a rebound in the economy would occur, the reality of the matter is that a rebound is very slow for our area. However, we are seeing some improvement by the increased sales tax collections. Because of this, we expect modest improvement in our local economy in the near future. We do anticipate a slight increase in the ad valorem digest for 2015. The County's diverse tax base and strong healthcare industry will still provide a measure of economic stability locally.

During 2013, the Board of Commissioners approved the elimination of an energy excise tax for qualifying companies. The elimination of this tax will be phased out over a four year period with a 25% reduction each year until fully eliminated. Even though we are not able to determine the exact impact of the first 25% reduction that occurred in 2014 it is estimated at approximately \$40,000 per month in lost sales tax revenue. The Board of Commissioners feels this is a needed investment in existing industries that qualify for this tax exemption. Also, the Board will annually evaluate this matter and could reinstate this tax at any time.

Also during 2013, a state law went into effect that changed the sales tax structure on automobiles purchased on or after March 1, 2013. A title ad valorem tax (TAVT) replaced the sales tax and future ad

valorem taxes on a vehicle by charging this TAVT at the time of purchase of a new or used vehicle. The TAVT revenue for 2014 totaled \$1,386,500 with the motor vehicle taxes decreasing to \$1,192,600, which is \$193,900 less than in 2013. The sales tax revenue impact because of this law is not available. Thus, the county does not know the full impact of this change.

The local healthcare industry continues to grow. Harbin Clinic opened new corporate offices in February 2015.

The largest special purpose local option sales tax project, the 800 MHz Communication System, was basically completed in 2013. However, final payment on this project was made in the first half of 2014.

In general, 2014 was another year of economic challenges, however, there still continues to be several bright spots and the county is positioned to take advantage of any improvements in the economy as they occur.

Single Audit. As a recipient of federal, state and county financial assistance, Floyd County is responsible for ensuring an adequate internal control structure is in place to ensure compliance with applicable laws and regulations. This internal control structure is subject to periodic evaluation by the county's management.

As part of Floyd County's single audit, required in conformity with provisions of the Single Audit Act Amendments of 1996 and the U.S. Office of Management and Budget Circular A-133, *Audits of State and Local Governments and Nonprofit Organizations*, tests are made to determine the adequacy of the internal control structure related to federal financial assistance programs, as well as to determine that the county has complied with applicable laws and regulations.

Risk Management. All claims associated with workers' compensation self-insured fund are recorded in the Workers' Compensation Fund. A third party administrator handles the processing of all workers' compensation claims. These claims totaled \$979,071 in 2014.

Floyd County is also self-funded for health insurance claims. Blue Cross Blue Shield of Georgia is the third party administrator for this plan. The decision to become self-insured for health insurance occurred in 2009, with this conversion taking place in October 2009. Health insurance claims in 2014 totaled \$4,214,746, which represents a decrease of \$932,964 from 2013.

Other Information

Independent Audit. Georgia Code requires an annual audit of the books of account, financial records, and transactions of all administrative departments of the county by independent certified public accountants selected by the Floyd County Board of Commissioners. This requirement has been met and the auditor's unqualified opinion has been included in this report.

Awards. The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the county for its comprehensive annual financial report for the fiscal year ended December 31, 2013. In order to be awarded a Certificate of Achievement, the county published an easily readable and efficiently organized comprehensive annual financial report. This

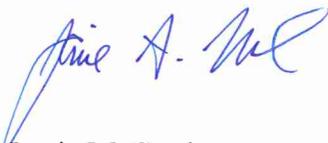

report satisfied both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements. We are submitting it to GFOA to determine its eligibility for another certificate.

Acknowledgments

The preparation of this comprehensive annual financial report could not have been accomplished without the dedication and contributions of the entire finance department staff, the auditors for the county and the cooperation of the various elected officials and appointed management.

In closing, we also wish to acknowledge the valuable contribution of the Board of Commissioners. Their guidance and leadership in conducting the financial affairs of Floyd County in a responsible and progressive manner is greatly appreciated.

Respectfully submitted,

FINANCIAL SECTION

The financial section includes the independent auditor's report on the financial statement audit, the MD&A which provides a narrative introduction, overview and analysis of the financial statements, the basic financial statements including footnotes, combining and individual fund presentations, and supplementary information.

INDEPENDENT AUDITORS' REPORT

**To the Board of Commissioners
of Floyd County, Georgia
Rome, Georgia**

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of **Floyd County, Georgia** (the "County"), as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Floyd County Health Department, which represents 34 percent, 36 percent, and 78 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Floyd County Health Department, is based on the report of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

Auditor's Responsibility (continued)

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Floyd County, Georgia as of December 31, 2014, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparisons for the General Fund and Fire Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (on pages 4 through 18) and schedules of funding progress (on page 74) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Floyd County, Georgia's basic financial statements. The combining and individual fund financial statements and schedules, the schedule of expenditures of special purpose local option sales tax proceeds, as required by the Official Code of Georgia 48-8-121, and introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules and schedule of expenditures of special purpose local option sales tax proceeds are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 18, 2015, on our consideration of Floyd County, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

Mauldin & Jenkins, LLC

Atlanta, Georgia

MANAGEMENT'S DISCUSSION AND ANALYSIS

Management's Discussion and Analysis (MD&A) is a narrative introduction, overview and analysis of the basic financial statements prepared by the County's Comptroller/Finance Director.

FLOYD COUNTY, GEORGIA
Management's Discussion and Analysis
For the Year Ended December 31, 2014

MANAGEMENT'S DISCUSSION AND ANALYSIS

Within this section of the Floyd County, Georgia (County) comprehensive annual financial report, the County's management provides narrative discussion and analysis of the financial activities of the County for the fiscal year ended December 31, 2014. The County's financial performance is discussed and analyzed within the context of the accompanying financial statements and disclosure following this section. Additional information is available in the transmittal letter, which precedes Management's Discussion and Analysis. The discussion focuses on the County's primary government and, unless otherwise noted, component units reported separately from the primary government are not included.

Financial Highlights

- The County's total assets exceeded its total liabilities by \$292,022,980 (net position) for the fiscal year reported. This compares to the previous year when total assets exceeded total liabilities by \$298,483,976.
- Total net position is comprised of the following:
 - (1) Net investment in capital assets of \$258,652,605 includes property and equipment, net of accumulated depreciation, and reduced for outstanding debt related to the purchase or construction of capital assets.
 - (2) Net position of \$18,719,061 is restricted by constraints imposed from outside the County such as debt covenants, grantors, laws, or regulations.
 - (3) Unrestricted net position of \$14,651,314 represents the portion available to maintain the County's continuing obligations to citizens and creditors.
- The County's governmental funds reported total ending fund balance of \$32,243,058 this year. This compares to the prior year ending fund balance of \$27,593,021 showing an increase of \$4,650,037 during the current year. This increase is largely due to the net collections of the new 2013 SPLOST fund that began during 2014.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$12,177,028, or 28.8% of total General Fund expenditures. This is an increase of \$442,447 from 2013.

Overview of the Financial Statements

Management's Discussion and Analysis introduces the County's basic financial statements. The basic financial statements include (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. The County also includes in this report additional information to supplement the basic financial statements.

Government-wide Financial Statements

The County's annual report includes two government-wide financial statements. These statements provide both long-term and short-term information about the County's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in accrual accounting and elimination or reclassification of internal activities.

FLOYD COUNTY, GEORGIA
Management's Discussion and Analysis
For the Year Ended December 31, 2014

The first of these government-wide statements is the *Statement of Net Position*. This is the County-wide statement of position presenting information that includes all of the County's assets and liabilities, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the County as a whole is improving or deteriorating. Evaluation of the overall health of the County would extend to other nonfinancial factors such as diversification of the taxpayer base or the condition of the County's infrastructure in addition to the financial information provided in this report.

The second government-wide statement is the *Statement of Activities*, which reports how the County's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of the statement of activities is to show the financial reliance of the County's distinct activities or functions on revenues provided by the County's taxpayers.

Both government-wide financial statements distinguish governmental activities of the County that are principally supported by taxes and user charges, and from business-type activities that are intended to recover all or a significant portion of their costs through user fees and charges. Governmental activities include general government, judicial, public safety, public services, health and welfare, economic development and culture and recreation. Business-type activities include the water system, the Forum, the airport, the Recycling Center and the County's interest in the joint venture with the City of Rome. The County's fiduciary activities simply hold resources temporarily for others and are not included in the government-wide statements since these assets are not available to fund County programs.

The County's financial reporting includes the funds of the County (primary government) and, additionally, organizations for which the County is accountable (component units). These component units operate independently or provide services directly to the citizens, though the County remains accountable for their activities. These component units are governed by a board of directors. These organizations, such as the County Health Department, the Parks and Recreation Authority and the Development Authority of Floyd County, are reported separately from the primary government though included in the County's overall reporting entity.

The government-wide financial statements are presented on pages 19-22 of this report.

Fund Financial Statements

A fund is an accountability unit used to maintain control over resources segregated for specific activities or objectives. The County uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the County's most significant funds rather than the County as a whole. Major funds are separately reported while all others are combined into a single, aggregated presentation. Individual fund data for non-major funds is provided in the form of combining statements in a later section of this report.

The County has three kinds of funds:

Governmental funds are reported in the fund financial statements and encompass essentially the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the County's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in

FLOYD COUNTY, GEORGIA
Management's Discussion and Analysis
For the Year Ended December 31, 2014

evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to assist in understanding the differences between these two perspectives.

Budgetary comparison statements are included in the basic financial statements for the General Fund and Fire Fund. Budgetary comparison schedules for special revenue funds and the capital project funds can be found in a later section of this report. These statements and schedules demonstrate compliance with the County's adopted and final revised budget.

The basic governmental fund financial statements are presented on pages 23-29 of this report.

Proprietary funds are reported in the fund financial statements and generally report services for which the County charges customers a fee. There are two kinds of proprietary funds. These are enterprise funds and internal service funds. Enterprise funds essentially encompass the same functions reported as business-type activities in the government-wide statements. Services are provided to customers external to the County organization such as the water system, the Forum, the airport and the Recycling Center. The internal service funds provide services and charge fees to customers (i.e., other funds) within the County organization. The County's internal service funds provide the County with health insurance and workers' compensation. Because the County's internal service funds exclusively serve governmental functions, they are included within the governmental activities of the government-wide financial statements.

Proprietary fund statements and statements for discretely presented component units (reporting is similar to proprietary funds) provide both long-term and short-term financial information consistent with the focus provided by the government-wide financial statements but with more detail for major enterprise funds and individual component units. Individual fund information for the internal service funds and non-major enterprise funds is found in combining and individual fund statements in a later section of this report.

The basic proprietary fund financial statements are presented on pages 30-33 of this report and component unit financial statements are presented on pages 110-112.

Fiduciary funds (i.e., the agency funds) are reported in the fiduciary fund financial statements, but are excluded from the government-wide reporting. Fiduciary fund financial statements report resources that are not available to fund County programs. Fiduciary fund financial statements report similarly to proprietary funds.

The basic fiduciary fund financial statement is presented on page 34 of this report.

Notes to the Basic Financial Statements

The accompanying notes to the basic financial statements provide information essential to a full understanding of the government-wide and fund financial statements. The notes to the financial statements are on pages 35-73 of this report.

FLOYD COUNTY, GEORGIA
Management's Discussion and Analysis
For the Year Ended December 31, 2014

Other Information

Other supplementary information includes detail by fund and component unit for receivables, payables, transfers, and payments within the reporting entity. Major funds and component units are reported in the basic financial statements as discussed. Combining and individual statements and schedules for non-major funds and the internal service funds are presented in a subsequent section of this report on pages 75-98.

Financial Analysis of the County as a Whole

The County's net position at fiscal year-end is \$292,022,980. This is a \$6,460,996 decrease from last year's net position of \$298,483,976. The following table provides a summary of the County's net position:

Current and Other Assets in Governmental Activities had an increase of \$5,644,860 from the prior year. This increase is due to the beginning of a new SPLOST during 2014. The new 2013 SPLOST fund had a cash balance at December 31, 2014, of \$6,692,714. Taxes receivable increased by \$1,243,098 also largely due to 2013 SPLOST collections receivable. Offsetting these increases was a decrease in the 2006 SPLOST cash of about \$403,000 due to project expenditures. There was a decrease in the 2009 SPLOST funds of \$2,026,158 due to project expenditures and transfers out. Prepaid items also decreased by almost \$224,000.

Governmental Capital Assets decreased by \$11,787,242. This is mainly due to a decrease in Construction in Progress for a large Public Works project that was transferred to Infrastructure and depreciated during 2014.

FLOYD COUNTY, GEORGIA
Management's Discussion and Analysis
For the Year Ended December 31, 2014

Governmental Activities Total Liabilities increased \$967,368 from 2013. This increase is due to an increase in the net pension obligation as well as accounts payable and compensated absences payable. These increases are offset by a decrease in claims payable, the intergovernmental agreement debt and capital leases payable.

The Total Net Position for Governmental Activities decreased by approximately 2.4% during 2014.

In the Business Activities', Total Assets increased by almost \$1,173,000. This is due to an increase in cash offset by decreases in Inventory and Capital Assets. Total Liabilities increased by \$1,750,000, due to a new Note Payable to fund a large water line project.

The County continues to maintain a more than adequate current ratio. The current ratio compares current assets to current liabilities and is an indication of the ability to pay current obligations. The current ratio for governmental activities is 4.4 to 1 and 4.8 to 1 for business type activities. For the County overall, the current ratio is 4.5 to 1.

Note that approximately 93% of the governmental activities' net position is tied up in capital. The County uses these capital assets to provide services to its citizens. Also, with business-type activities, the County has spent approximately 98% of its net position on capital. Capital assets in the business-type activities provide water services, operate the Forum, a regional airport and a Recycling Center. Ninety-four percent of the County's total net position is included in capital assets.

FLOYD COUNTY, GEORGIA
Management's Discussion and Analysis
For the Year Ended December 31, 2014

Financial Analysis of the County's Funds

Governmental funds

As discussed, governmental funds are reported in the fund statements with a short-term inflow and outflow of spendable resources focus. This information is useful in assessing resources available at the end of the year in comparison with upcoming financing requirements.

The General Fund is the County's primary operating fund and the largest source of day-to-day service delivery. The General Fund reported an ending fund balance of \$14,704,028. Of this year-end total, \$12,177,028 is unreserved indicating availability for continuing County service requirements. Restricted fund balances include: \$220,887 for the jail surcharge which is set aside for expenditures for public safety needs as required by the State of Georgia statutes, \$468,525 for the Metro Task Force, \$11,319 for supplemental juvenile services and \$264,172 for probation drug funds. Nonspendable fund balances include: \$165,656 for prepaid items and \$123,516 set aside for inventory.

The General Fund expenditures decreased \$828,631 in 2014 from the previous year.

1. The General Government category increased by a little over \$125,000 during 2014. Over \$90,000 of this increase was in Registrars & Elections due to the number of elections held in 2014 versus 2013. There was an increase in Data Processing due to an increase in support agreements.
2. The Public Safety category increased \$524,514. Of this increase, almost \$240,000 of it is due to an increase in Jail expenditures with increases in salaries, FICA, utilities and boarding inmates. Inmate medical expenditures increased \$112,000 along with an increase in Prison expenditures of \$179,000. The Prison expenditures increased in the areas of salaries and utilities.
3. The Public Works category decreased \$1,109,053 largely due to a change in accounting for paving. This expenditure was moved to the Capital Projects fund during 2014. There is also a decrease in revenue that corresponds with this change.
4. Health and Welfare decreased by almost \$200,000 during 2014. This is the result of reductions in payments to the Floyd County Health Department and other agencies.

The General Fund revenues decreased by \$75,400 and its transfers in increased by \$1,022,000 in 2014.

These changes are due primarily to the following:

1. Taxes category increased by \$374,860 due mainly to an increase in local option sales tax revenue of \$232,035 and an increase in current year property tax collections \$115,711.
2. Intergovernmental revenues decreased due to the change in accounting for paving as mentioned above. The LMIG funds received for paving were reported in the Capital Projects Fund during 2014.

FLOYD COUNTY, GEORGIA
Management's Discussion and Analysis
For the Year Ended December 31, 2014

3. Charges for services were comparable to 2013. However, there were several variances within that category. The Clerk of Court charges for services decreased a total of \$90,344 during 2014. Probate Court charges for services decreased by a little over \$27,000 and Magistrate Court decreased by almost \$70,000. Offsetting these decreases was an increase in new inmate labor contracts. These contracts resulted in an increase in charges for services of \$178,645.
4. Miscellaneous revenue increased by almost \$537,000 from the prior year. This increase is due to an increase in telephone commissions of \$130,600 as well as the settlement of RICO cases by the Metro Task Force. The net revenue from the Metro Task Force totaled \$402,000 and is included in the fund balance reserved for Metro Task Force activities.

The increase in transfers in is due to a transfer from the 2009 SPLOST fund of \$1,000,000 in lieu of an increase in the millage rate.

In looking at other governmental funds, significant changes in Net Change in Fund Balance occurred in the 2006, 2009 and 2013 SPLOST Funds. The 2006 SPLOST Fund's Net Change in Fund Balance was reduced \$470,309 due to project expenditures during 2014. The 2009 SPLOST Fund's Net Change in Fund Balance was reduced \$1,068,742 mainly due to the \$1,000,000 transfer to the General Fund noted above. The 2013 SPLOST Fund had an increase in its Net Change in Fund Balance of \$4,992,219 due to the beginning of collections during 2014.

The economy has significantly impacted Floyd County just like everyone else across the country. Thus, the county has deferred capital purchases outside of the SPLOST funded projects. This decision to defer capital purchases has been made each of the past seven years.

Proprietary funds

The proprietary fund statements share the same focus as the government-wide statements, reporting both short-term and long-term information about financial status.

The Major Proprietary Fund

The water system fund is one of the County's major proprietary funds and provides water to approximately 15,800 residential and commercial customers. The water system bond coverage of 4.8 well exceeded the required 1.1 coverage for the year ended December 31, 2014. During 2014, the water system paid off its 2003 Revenue Bonds. Even though the bond coverage is well above the requirement, the number of water customers only showed a slight increase. The water sales revenue increased in 2014 and management has done a good job of managing the expenses in order to make sure the county is able to maintain an excellent bond coverage ratio.

As part of the process of meeting the needs of the water system, a capital plan is prepared each year to project the capital needs for several years into the future. Listed below is the current capital plan for the water system:

FLOYD COUNTY, GEORGIA
Management's Discussion and Analysis
For the Year Ended December 31, 2014

Water Fund Capital Plan
For Next Four Fiscal Years

	2015	2016	2017	2018
Texas Valley Development			\$1,100,000	\$1,100,000
Highway 27 North		\$1,000,000		
Highway 140 Road Widening (DOT)		1,900,000		
Everett Springs	\$200,000	300,000		1,500,000
Hwy 53 Pump Station			750,000	
South Rome Bypass (DOT)			500,000	
Highway 53 Interconnection	150,000			
Totals	\$350,000	\$3,200,000	\$2,350,000	\$2,600,000

The County purchases wholesale water from the city of Rome, city of Calhoun and the city of Adairsville. The chart below outlines the rates the County will pay when purchasing water from these three cities:

Wholesale Water Rates
For Fiscal Year Ended December 31, 2014

City of Rome	City of Adairsville		City of Calhoun
100,000 Gallons per Day	0.5 MGD Minimum Monthly Average	1.5 MGD Minimum Monthly Average	100,000 Gallons per Day
\$1.40	\$1.62	\$1.62	\$1.44

Notes:

Wholesale water purchases from the city of Rome require a minimum of 100,000 gallons per day.

Wholesale water purchases from the city of Adairsville require a minimum of 500,000 gallons per day.

Wholesale water purchases from the city of Calhoun require a minimum of 100,000 gallons per day.

The water system fund reported \$875,047 from operations. During 2014, there is an overall increase in net position of \$664,779.

FLOYD COUNTY, GEORGIA
Management's Discussion and Analysis
For the Year Ended December 31, 2014

General Fund Budgetary Highlights

The original adopted budget did anticipate a decrease in its total fund balance by \$1,329,835. The budget was subsequently revised to reflect a balanced budget. The actual total fund balance increased \$437,720. This increase is largely due to the Metro Task Force revenue mentioned above that is reserved for Metro Task Force activities.

The 2014 General Fund budget variances are as follows:

1. The revenues were less than the Revised Budget by \$573,015. Taxes were almost \$320,000 less than the revised budget with current and prior year property taxes being \$225,000 less than the revised budget. In addition, Charges for Services and Fines and Forfeiture were also below the revised budget.
2. All expenditure categories were less than projected in the revised budget by a combined \$1,049,137. All departments met the challenge of providing services at basically the same service level but with fewer funds available to spend.

Capital Asset and Debt Administration

Capital assets

The County's net investment in capital assets, for governmental and business-type activities as of December 31, 2014, was \$217,952,095 and \$40,700,510, respectively. This is a decrease of 5% in this net investment for governmental activities and a decrease in this net investment of 4% for business-type activities.

Major capital asset events during the current fiscal year were as follows:

1. The Jail Improvements project in the 2013 SPLOST Fund was started during 2014 with expenditures of \$310,833.
2. The Animal Control/Special Ops Facility project in the 2013 SPLOST Fund was started with expenditures of almost \$400,000 during 2014, which was mainly the purchase of land for this facility.
3. Initial work was done on the USTA Tennis Center project in the 2013 SPLOST Fund with \$136,645 being expended during 2014.
4. The City Police Training Facility renovations in the 2013 SPLOST Fund began with \$197,751 spent during 2014.

Bond Ratings

For the most recent bond issues Moody's Investor Services rated each of the above bonds and assigned the following ratings:

\$20,000,000 2007 G.O. SPLOST Bonds	Aa3
\$7,880,000 2008 Rome-Floyd County Development Authority Revenue Bonds – Parking Deck Project	Aa3
\$40,000,000 2009 Hospital Authority of Floyd County Bonds	Aa3
\$20,000,000 2010 G.O. SPLOST Bonds	Aa3
\$6,785,000 2010 Water Revenue Bonds	Aa2
\$7,865,000 2010 Development Authority of Floyd County and Rome-Floyd County Development Authority Revenue Bonds	Aa2
\$51,885,000 2012 Hospital Authority of Floyd County Bonds	Aa2
\$6,400,000 2014 Rome-Floyd County Development Authority Refunding Revenue Bonds – Parking Deck Project	Aa2

FLOYD COUNTY, GEORGIA
Management's Discussion and Analysis
For the Year Ended December 31, 2014

Economic Factors and Next Year's Budgets

Floyd County adopted its 2015 Budget on January 27, 2015. The General Fund budget for 2015 reflects revenues of \$44,372,975 and expenditures and other financing uses of \$45,645,900. On May 12, 2015, a revised budget was adopted which projects the usage of fund balance to be \$1,278,195. No significant changes were made from the original budget in this budget revision. The main reason for the revision was to appropriate funds for some capital equipment that needs to be purchased during this fiscal year.

The county projected a slight increase in the tax digest for 2015. In 2015, a couple of tax abated properties will be added to the tax digest, thus the reason for the projection of the digest increasing. During the first five months of 2015, local option sales tax collections are \$130,575, or 4%, more than the previous year.

The County has been able to cash flow its operations for many years without any short term borrowing. In 2015, budgeted cash flow will be difficult to achieve. However, at the present time cash flow projections show the county's cash needs will be met without any short term borrowing. Each month the financial condition of the County is reviewed by management and the County Commission.

Contacting the County's Financial Management

This financial report is designed to provide a general overview of the County's finances, comply with finance-related laws and regulations, and demonstrate the County's commitment to public accountability. If you have questions about this report or would like to request additional information, contact:

Floyd County Finance Department
12 East Fourth Avenue, Suite 205
Rome, Georgia 30161
Telephone: 706-291-5225

BASIC FINANCIAL STATEMENTS

The basic financial statements include the government-wide statement of net position and government-wide statement of activities which include all of the primary government's governmental activities, business-type activities and component units. In addition, the basic financial statements include the fund financial statements and the notes to the financial statements.

FLOYD COUNTY, GEORGIA

*Reconciliation of the Statement of Revenues, Expenditures, and Changes in
Fund Balances of Governmental Funds to the Statement of Activities
For the Year Ended December 31, 2014*

NET CHANGES IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS	\$	4,650,037
<p>Amounts reported for governmental activities in the Statement of Activities are different because:</p>		
<p>Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay exceeded depreciation expense current period.</p>		
Depreciation expense	\$ (13,173,095)	
Capital outlay	<u>2,784,119</u>	(10,388,976)
<p>In the statement of activities, only the loss on the disposal of capital assets is recorded. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the net book value of the capital assets disposed.</p>		
		(1,398,266)
<p>Revenues in the statement of activities that do not provide current financial resources are reported as deferred inflows of resources in the funds.</p>		
Property taxes		(121,101)
<p>The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.</p>		
Principal retirement	3,772,740	
Proceeds from issuance of capital lease	<u>(3,200,000)</u>	572,740
<p>The current year's increase to the net pension obligation increases net expenses on the government-wide statements.</p>		
		1,112
<p>The current year's increase to the net OPEB obligation increases net expenses of functions on the government-wide statements.</p>		
		(482,486)
<p>Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.</p>		
Change in compensated absences	(26,473)	
Change in accrued interest	<u>66,056</u>	39,583
<p>The internal service funds are used by management to charge the costs of workers' compensation and health insurance to individual funds.</p>		
		<u>1,261,515</u>
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	\$	<u><u>(5,865,842)</u></u>

See accompanying notes to the basic financial statements.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Floyd County, Georgia (the “County”), was incorporated in 1917. The County operates under a Commissioner-Manager form of government. The County is governed by a board of five commissioners elected by the voters of the County.

Note 1 - Summary of Significant Accounting Policies

The financial statements of the County have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) as applied to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for governmental accounting and financial reporting. For the year ended December 31, 2012, the County implemented GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements* which incorporated into the GASB’s authoritative literature certain accounting and financial reporting guidance issued on or before November 30, 1989 which does not conflict with or contradict GASB pronouncements.

The most significant of the County’s accounting policies are described below.

1-A. Reporting Entity

The reporting entity is comprised of the primary government, component units and other organizations that are included to ensure that the financial statements are not misleading. The primary government of the County consists of all funds, departments, boards and agencies that are not legally separate from the County. For Floyd County, this entity includes the Personnel Board, Board of Tax Assessors, Board of Elections, Water Department and all departments and activities that are directly operated by the elected County officials.

Component units are legally separate organizations for which the County is financially accountable. The County is financially accountable for an organization if the County appoints a voting majority of the organization's governing board and (1) the County is able to significantly influence the programs or services performed or provided by the organizations; or (2) the County is legally entitled to or can otherwise access the organization's resources; (3) the County is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or (4) the County is obligated for the debt of the organization. Component units also may include organizations that are fiscally dependent on the County in that the County approves the budget, levies their taxes or issues their debt.

The component unit columns included on the government-wide financial statements identify the financial data of the County’s discretely presented component units. They are reported separately to emphasize that they are legally separate from the County.

Brief descriptions of the discretely presented component units follow:

Development Authority of Floyd County (Development Authority) – The Development Authority is a public corporation created to promote industry and trade in the County. The County Commission appoints the seven-member Development Authority Board of Directors and is obligated for a portion of the Authority’s debt. The Development Authority does not issue separate Component Unit Financial Statements.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 1 - Summary of Significant Accounting Policies (Continued)

1-A. Reporting Entity (Continued)

Rome-Floyd Parks and Recreation Authority (Parks and Recreation Authority) – The Parks and Recreation Authority provides recreation services to the residents of the County and City and maintains all public parks. The County Commission appoints six members of the twelve member Board of Directors and provides a significant subsidy to the Parks and Recreation Authority to finance its operations, making the Parks and Recreation Authority financially accountable to the County. The County is legally obligated to finance the deficits of, or provide financial support to, the Parks and Recreation Authority based on an agreement between Floyd County, Parks and Recreation Authority and the City of Rome. The County’s annual subsidy accounts for approximately sixty percent of the Parks and Recreation Authority’s revenue, while other operating revenues generated by user fees account for the remaining forty percent. The Parks and Recreation Authority cannot establish the tax levy to fund this sixty percent. Thus this subsidy is funded by taxes levied by the County. Also, the Parks and Recreation Authority cannot issue bonded debt. Any debt issuance would be done by the County. The Parks and Recreation Authority does not issue separate Component Unit Financial Statements and is not part of another financial reporting entity.

Floyd County Health Department (Health Department) – The Health Department provides health care services and health education to residents of Floyd County. The Health Department receives financial support from Floyd County, Georgia, the State of Georgia and the Federal Government. The County Commission appoints a majority of the Board of Directors. The Health Department issued separately audited financial statements with a fiscal year ended June 30, 2014. Copies of these financial statements may be obtained from their administrative office at:

Floyd County Health Department
1304 Redmond Circle, Building 614
Rome, Georgia 30164

1-B. Basis of Presentation

The County’s basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements, which provide a more detailed level of financial information.

Government-wide Financial Statements – The government-wide financial statements include the statement of net position and the statement of activities. These statements report financial information for the County as a whole. The primary government and the component units are presented separately within these financial statements with the focus on the primary government. Fiduciary activities are not included at the government-wide reporting level. Individual funds are not displayed but the statements distinguish governmental activities which are generally supported by taxes and County general revenues, from business-type activities which are generally financed in whole or in part with fees charged to external customers. The activity of the internal service funds (i.e., Health Insurance Fund and Workers’ Compensation Fund) is eliminated to avoid duplicating revenues and expenses.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 1 - Summary of Significant Accounting Policies (Continued)

1-B. Basis of Presentation (Continued)

Government-wide Financial Statements (continued) - The statement of net position presents the financial position of the governmental and business-type activities of the County and its discretely presented component units at year-end.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the County's governmental activities and for each identifiable activity of the business-type activities of the County. Direct expenses are those that are specifically associated with a function and, therefore, clearly identifiable to that particular function. The County does not allocate indirect expenses to functions in the statement of activities.

The statement of activities reports the expenses of a given function offset by program revenues directly connected with the functional program. A function is an assembly of similar activities and may include portions of a fund or summarize more than one fund to capture the expenses and program revenues associated with a distinct functional activity. Program revenues include: (1) charges for services, which report fees and other charges to users of the County's services; (2) operating grants and contributions, which finance annual operating activities including restricted investment income; and (3) capital grants and contributions, which fund the acquisition, construction, or rehabilitation of capital assets. These revenues are subject to externally imposed restrictions to these program uses. For identifying to which function program revenue pertains, the determining factor for *charges for services* is which function *generates* the revenue. For *grants and contributions*, the determining factor is to which functions the revenues are *restricted*.

Taxes and other revenue sources not properly included with program revenues are reported as general revenues of the County. The comparison of direct expenses with program revenues identifies the extent to which each governmental function and each identifiable business-type activity is self-financing or draws from the general revenues of the County.

Fund Financial Statements - During the year, the County segregates transactions related to certain County functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the County at this more detailed level. Fund financial statements are provided for governmental, proprietary and fiduciary funds.

Major individual governmental and enterprise funds are reported in separate columns with composite columns for non-major funds. The internal service funds are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 1 - Summary of Significant Accounting Policies (Continued)

1-B. Basis of Presentation (Continued)

Fund Accounting - The County uses funds to maintain its financial records during the year. A fund is a fiscal and accounting entity with a self-balancing set of accounts. The County uses three categories of funds: governmental, proprietary and fiduciary.

Governmental Funds - Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used and fund liabilities are assigned to the fund from which they will be liquidated. The following are the major governmental funds:

General Fund – The General Fund accounts for all financial resources except those required to be accounted for in another fund. The general fund balance is available to the County for any purpose, provided it is expended or transferred according to the general laws of Georgia.

Fire Fund – This major special revenue fund is used to account for the revenues of a specific property tax levy and the subsequent payments made to the City of Rome, Georgia and City of Cave Spring, Georgia for fire departments located in Floyd County.

2006 SPLOST Capital Projects Fund – This major capital projects fund is used to account for the acquisition and construction of major facilities funded by special purpose local option sales tax.

2009 SPLOST Capital Projects Fund – This major capital projects fund is used to account for the acquisition and construction of major facilities funded by special purpose local option sales tax.

2013 SPLOST Capital Projects Fund – This major capital projects fund is used to account for the acquisition and construction of major facilities funded by special purpose local option sales tax.

General Capital Projects Fund – This major capital projects fund is used to account for the acquisition and construction of major facilities funded by County operations.

Proprietary Funds - Proprietary fund reporting focuses on the determination of operating income, changes in net position, financial position and cash flows. The County reports the following major proprietary funds:

Water System Fund – This major enterprise fund is used to account for the operations of the water distribution system.

Forum Fund – This major enterprise fund is used to account for the operations of the Floyd County convention and civic center.

Richard B. Russell Airport Fund – This major enterprise fund is used to account for the operations of the County's non-commercial airport facility.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 1 - Summary of Significant Accounting Policies (Continued)

1-B. Basis of Presentation (Continued)

Additionally, the County reports the following fund types:

Internal Service Fund – Internal service funds are used to account for the accumulation of resources to be used for health and workers’ compensation insurance costs, as the County is partially self-insured.

Fiduciary Funds – Fiduciary fund reporting focuses on net assets. The County’s fiduciary funds are agency funds. These agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Constitutional officers use these funds to temporarily hold assets.

1-C. Measurement Focus

Government-wide Financial Statements - The government-wide financial statements are prepared using the economic resources measurement focus. All assets and all liabilities associated with the operation of the County are included on the statement of net position. The statement of activities reports revenues and expenses.

Fund Financial Statements - All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the governmental fund statements.

Like the government-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus on both financial reporting levels. All assets and all liabilities associated with the operation of these funds are included on the statements of net position. The statements of changes in net position present increases (i.e., revenues) and decreases (i.e., expenses) in net position. The statements of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

1-D. Basis of Accounting

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. At the fund reporting level, governmental funds use the modified accrual basis of accounting and fiduciary funds use the accrual basis of accounting. Proprietary funds use the accrual basis of accounting at both reporting levels. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, in the recording of deferred revenue and in the presentation of expenses versus expenditures.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 1 - Summary of Significant Accounting Policies (Continued)

1-D. Basis of Accounting (Continued)

Revenues – Exchange Transactions - Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On the modified accrual basis, revenue is recorded when the exchange takes place and in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the County, the phrase “available for exchange transactions” means expected to be received within 60 days of year-end.

Revenues – Non-exchange Transactions - Non-exchange transactions in which the County receives value without directly giving equal value in return, include sales tax, property tax, grants, and donations. On an accrual basis, revenue from sales tax is recognized in the period in which the taxable sale takes place.

Revenue from property taxes is recognized in the fiscal year for which the taxes are levied (See Note 3-C). Revenue from grants and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the County must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions also must be available (i.e., collected within 60 days for property taxes and one year for all other revenue) before it can be recognized. Under the modified accrual basis, the following revenue sources are considered to be susceptible to accrual: property tax, sales tax, interest and federal and state grants.

Unearned Revenue - Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied in voluntary exchange transactions.

Expenses/Expenditures - On the accrual basis of accounting, expenses are recognized at the time they are incurred. On the modified accrual basis, expenditures generally are recognized in the accounting period in which the related fund liability is incurred and due, if measurable.

1-E. Assets, Liabilities and Fund Equity

1-E-1. Cash, Cash Equivalents and Investments

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the County.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 1 - Summary of Significant Accounting Policies (Continued)

1-E. Assets, Liabilities and Fund Equity (Continued)

1-E-1. Cash, Cash Equivalents and Investments (Continued)

Investments are stated at fair value based on quoted market prices. Georgia law authorizes the County to invest in the following types of obligations:

- Obligations of the State of Georgia or of any other states
- Obligations of the United States Government
- Obligations fully insured or guaranteed by the government or governmental agency
- Obligations of any corporation of the government
- Prime bankers' acceptances
- The State of Georgia local government investment pool (i.e., Georgia Fund 1)
- Repurchase agreements
- Obligations of the other political subdivisions of the State of Georgia

Any investment or deposit in excess of the Federal Deposit Insurance Corporation (FDIC) insured amount must be secured by 110% of an equivalent amount of State or U.S. obligations.

Georgia Fund 1, created by OCGA 36-83-8, is a stable net asset value investment pool that follows Standard and Poor's criteria for AAAf rated money market funds and is regulated by the Georgia Office of the State Treasurer. However, Georgia Fund 1 operates in a manner consistent with Rule 2a-7 of the Investment Company Act of 1940 and is considered to be a 2a-7 like pool. The pool is not registered with the Securities and Exchange Commission (SEC) as an investment company. The pool's primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal (\$1.00 per share value). The pool is an AAAf rated investment pool by Standard & Poor's. Net asset value is calculated weekly to ensure stability. The pool distributes earnings (net of management fees) on a monthly basis and determines participant's shares sold and redeemed based on \$1.00 per share. The weighted average maturity of Georgia Fund 1 may not exceed 60 days. Due to the nature of the accounts, no amounts in this fund are categorized from an investment risk perspective.

1-E-2. Receivables

All trade and property tax receivables are reported net of an allowance for uncollectibles. Unbilled water charges are accrued as receivables and revenue at December 31, 2014.

1-E-3. Interfund Balances

On the fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the governmental and business-type activities columns of the statement of net assets, except for any net residual amounts due between governmental and business-type activities, which are reclassified and presented as internal balances.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 1 - Summary of Significant Accounting Policies (Continued)

1-E. Assets, Liabilities and Fund Equity (Continued)

1-E-4. Consumable Inventories

On the government-wide financial statements, inventories are presented at the lower of cost or market on a first-in, first-out basis and are expensed when used (i.e., the consumption method).

On the fund financial statements, inventories of governmental funds are stated at cost while inventories of proprietary funds are stated at the lower of cost or market. For all funds, cost is determined on a first-in, first-out basis. The cost of inventory items is recorded as expenditures in the governmental fund types when consumed. Inventories of the proprietary funds are expensed when consumed.

1-E-5. Prepaid Items

Payments made to vendors for services that will benefit periods beyond December 31, 2014, are recorded as prepaid items using the consumption method by recording an asset for the prepaid amount and reflecting the expenditure/expense in the year in which services are consumed. At the fund reporting level, an equal amount of fund balance is reported as nonspendable as this amount is not available for general appropriation.

1-E-6. Restricted Assets

Sinking fund resources in enterprise funds are restricted to the payment of bond principal and interest requirements as they become due.

All resources in excess of the required reserve are transferred to a separate account and are restricted to the construction of new capital facilities and other expenses as allowed by the System's bond resolutions. Any reimbursements from outside sources for these projects are restricted accordingly.

Liabilities payable from these restricted assets include accrued interest payable on revenue bonds and the current portions of revenue bonds payable.

The bond resolutions place restrictions on additional bond issues and contain certain accounting provisions.

1-E-7. Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in governmental funds. The County reports these assets in the governmental activities column of the government-wide statement of net position but does not report these assets in the governmental fund financial statements. Capital assets utilized by enterprise funds are reported both in the business-type activities column of the government-wide statement of net position and in the enterprise fund statement of net position.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 1 - Summary of Significant Accounting Policies (Continued)

1-E. Assets, Liabilities and Fund Equity (Continued)

1-E-7. Capital Assets (Continued)

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The County maintains a capitalization threshold of ten thousand dollars. The County's infrastructure consists of roads, bridges, water lines, detention ponds and runways. Improvements to capital assets are capitalized.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are expensed. Interest incurred during the construction of capital assets utilized by the enterprise fund is capitalized.

All reported capital assets are depreciated except for land, right-of-ways, detention ponds, and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure were estimated based on the County's historical records of necessary improvements and replacement. Infrastructure assets acquired prior to December 31, 1980 are included in the amounts reported. Depreciation is computed using the straight-line method over the following useful lives:

Description	Governmental Activities Estimated Lives	Business-Type Activities Estimated Lives
Buildings	10 – 50 years	10 - 50 years
Machinery and equipment	3 – 20 years	3 – 20 years
Improvements other than buildings	5 - 60 years	5 - 60 years
Infrastructure	5 - 60 years	5 - 60 years

At the inception of capital leases at the governmental fund reporting level, expenditures and an "other financing source" of an equal amount are reported at the net present value of future minimum lease payments.

1-E-8. Compensated Absences

Vacation benefits are accrued as a liability as the benefits are earned if the employees' rights to receive compensation are attributable to services already rendered and it is probable that the employer will compensate the employees for the benefits through paid time off or some other means.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 1 - Summary of Significant Accounting Policies (Continued)

1-E. Assets, Liabilities and Fund Equity (Continued)

1-E-8. Compensated Absences (Continued)

Sick leave benefits are accrued as a liability using the termination payment method. An accrual for earned sick leave is made to the extent that it is probable that the benefits will result in termination payments. The liability is based on the County's past experience of making termination payments.

All compensated absence liabilities include salary-related payments, where applicable.

The total compensated absence liability is reported on the government-wide financial statements. Proprietary funds report the total compensated liability in each individual fund at the fund reporting level. Governmental funds report the compensated absence liability at the fund reporting level only "when due."

1-E-9. Accrued Liabilities and Long-term Obligations

All payables, accrued liabilities and long-term obligations are reported in the government-wide financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of these funds. However, compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are "due for payment" during the current year. Bonds and capital leases are recognized as a liability in the governmental fund financial statements when due.

1-E-10. Bond Premiums, Discounts and Issuance Costs

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the term of the bonds using the effective interest method. Bonds payable are reported net of the applicable discount or premium. Issuance costs are expensed in the period in which they are incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

1-E-11. Fund Equity

Fund equity at the governmental fund financial reporting level is classified as "fund balance." Fund equity for all other reporting is classified as "net position."

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 1 - Summary of Significant Accounting Policies (Continued)

1-E. Assets, Liabilities and Fund Equity (Continued)

1-E-11. Fund Equity (Continued)

Fund Balance – Generally, fund balance represents the difference between the assets and liabilities under the current financial resources management focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the County is bound to honor constraints on the specific purpose for which amounts in those funds can be spent.

Fund balances are classified as follows:

Nonspendable – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted to cash) or (b) legally or contractually required to be maintained intact.

Restricted – Fund balances are reported as restricted when they include amounts that can be spent only for the specific purposes stipulated by the constitution, external resource providers, or through enabling legislation.

Committed – Fund balances are reported as committed when they include amounts that can be used only for the specific purposes determined by passage of a resolution by the Board.

Assigned – Fund balances are reported as assigned when they include amounts intended to be used by the County for specific purposes but do not meet the criteria to be classified as restricted or committed. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed. The resolution passed by the Board of Commissioners establishing the County’s fund balance policy has delegated the Comptroller / Finance Director the authority to assign amounts to be used for specific purposes.

Unassigned – Fund balances are reported as unassigned as the residual classification for the County’s general fund and includes all spendable amounts not contained in the other classifications.

Flow Assumptions – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the County’s policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the County’s policy to use fund balance in the following order: (1) Committed, (2) Assigned, (3) Unassigned.

Net Position – Net position represents the difference between assets, deferred outflow of resources, liabilities, and deferred inflows of resources in reporting which utilizes the economic resources measurement focus. Amounts shown as net investment in capital assets are made up of capital asset costs, net of accumulated depreciation and outstanding debt used to acquire, construct or improve the associated assets. Net position is reported as restricted when there are legal limitations or external restrictions imposed upon their use. All other net position is reported as unrestricted.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 1 - Summary of Significant Accounting Policies (Continued)

1-E. Assets, Liabilities and Fund Equity (Continued)

1-E-11. Fund Equity (Continued)

The County applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position is available.

1-E-12. Operating Revenues and Expenses and Non-operating Items

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the County, these revenues are charges for services for water, the forum, recycling, health insurance and the workers' compensation programs. Operating expenses are necessary costs incurred to provide the good or service that are the primary activity of each fund. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

1-E-13. Contributions of Capital

Contributions of capital in proprietary fund financial statements arise from outside contributions of capital assets, tap-in fees to the extent they exceed the cost of the connection to the system, or from grants or outside contributions of resources restricted to capital acquisition and construction.

1-E-14. Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after the non-operating revenues/expenses section in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Transfers between governmental and business-type activities on the government-wide statement of activities are reported as general revenues. Transfers between funds reported in the governmental activities column are eliminated. Transfers between funds reported in the business-type activities column are eliminated.

1-E-15. Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the County and that are either unusual in nature or infrequent in occurrence.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 1 - Summary of Significant Accounting Policies (Continued)

1-E. Assets, Liabilities and Fund Equity (Continued)

1-E-16. Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

1-E-17. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense) until then. The County only has one item that qualifies for reporting in this category. It is the deferred charge on refunding reported in the government-wide and proprietary fund statements of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of fund balance or net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has three types of items that qualify for reporting in this category. One of these items arises only under a modified accrual basis of accounting and, accordingly, the item, unavailable revenue, is reported only in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The governmental funds balance sheet and the government wide statement of net position will report deferred inflows of resources for unearned revenues. The County reports unearned intergovernmental revenues from transactions in which resources have been received before time requirements are met. The third item is the fair market value of the County's derivative. As the change in market value occurs each year, the asset and deferred inflow are adjusted until the contract matures in 2028.

Note 2 - Stewardship, Compliance and Accountability

2-A. Budgetary Information

The County adopts an annual operating budget for the General Fund, each Special Revenue Fund, the Debt Service Fund and each Capital Projects Fund. The budget resolution reflects the total of each department's appropriation in each fund.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 2 - Stewardship, Compliance and Accountability (Continued)

2-A. Budgetary Information (Continued)

The General Fund budget is adopted on a basis consistent with GAAP. Budgets for the Special Revenue Funds, the Debt Service Fund and for the Capital Projects Funds are adopted on a basis consistent with GAAP.

The legal level of control (the level at which expenditures may not legally exceed appropriations) for each adopted annual operating budget generally is the department level within each individual fund. Any change in total to a fund or departmental appropriation within a fund requires approval of the Board of Commissioners.

Either the County Manager or Comptroller/Finance Director may approve budget transfers within departments, except those related to personnel or capital expenditures. The Board of Commissioners must approve transfers of personnel or capital appropriations. During the year, the Board of Commissioners approved budget revisions. All unexpended annual appropriations lapse at year-end.

2-B. Deficit Fund Equity

As of December 31, 2014, the following fund reported a deficit in its ending net position:

Workers' Compensation Fund	\$892,647
----------------------------	-----------

This deficit will be alleviated by increased user charges and General Fund appropriations, as necessary.

Note 3 - Detailed Notes on All Funds

3-A. Deposits and Investments

3-A-1. Credit Risk

The County does not have a formal policy to address credit risk aside from adherence to State statutes for investments. State statutes authorize the County to invest in obligations of the State of Georgia or other states; obligations issued by the U.S. government; obligations fully insured or guaranteed by the U.S. government or by a government agency of the United States; obligations of any corporation of the U.S. government; prime banker's acceptances; the local government investment pool established by state law; repurchase agreements; and obligations of other political subdivisions of the State of Georgia. As of December 31, 2014, the County's investment in Georgia Fund 1 was rated AA Af by Standard & Poor's.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 3 - Detailed Notes on All Funds (Continued)

3-A. Deposits and Investments (Continued)

3-A-1. Credit Risk (Continued)

At December 31, 2014, the County had the following investments:

<u>Investment</u>	<u>Maturities</u>	<u>Fair Value</u>
Guaranteed Investment Contract	June 1, 2028	\$ 2,365,273
Georgia Fund 1	51 days	846,918
Total		<u>\$ 3,212,191</u>
Reconciliation of Investments per Financial Statements		
Investments, restricted		\$ 2,365,273
Georgia Fund 1 (included with cash and cash equivalents)		846,918
Total		<u>\$ 3,212,191</u>

The County's investment practices have been to invest available funds locally mainly through certificates of deposit or money market accounts or through the State's investment pool (Georgia Fund 1). The guaranteed investment contract represents funds invested through the Georgia Municipal Association's lease purchase pool program of which the County is a participant.

3-A-2. Interest Rate Risk

As a means of limiting its exposure to fair value losses arising from rising interest rates, the County's investment policy limits at least half of the County's investment portfolio to maturities of less than one year.

3-A-3. Custodial Credit Risk – Deposits

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes require all deposits and investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities. As of December 31, 2014, the County was fully collateralized under the State statutes.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 3 - Detailed Notes on All Funds (Continued)

3-A-4. Custodial Credit Risk – Investments

As an external investment pool, Georgia Fund 1 is not required to disclose custodial credit risk. The Guaranteed Investment Contracts are not exposed to custodial credit risk because they are direct contractual investments and are not securities.

3-B. Receivables

Receivables at December 31, 2014, consisted of taxes, interest, accounts (billings for user charges, including unbilled utility receivables), and intergovernmental receivables arising from grants. Receivables and payables are recorded on the County’s financial statements to the extent that the amounts are determined to be material and substantiated not only by supporting documentation, but also by a reasonable, systematic method of determining their existence, completeness, valuation, and in the case of receivables, collectability.

Receivables at December 31, 2014, consist of the following:

	Taxes and Fines	Accounts	Mortgages	Allowance for Uncollectibles	Net Receivables
Primary Government:					
General Fund	\$4,280,704	\$654,018	\$ -	\$529,487	\$4,405,235
Fire Fund	373,193	-	-	50,680	322,513
2013 SPLOST Fund	1,405,561	-	-	-	1,405,561
Other Governmental Funds	153,770	268,446	179,886	200,054	402,048
Water Fund	-	2,689,888	-	1,046,019	1,643,869
Forum Fund	-	21,034	-	2,810	18,224
Airport Fund	-	42,820	-	14,517	28,303
Recycling Center Fund	-	86,846	-	-	86,846
Internal Service Funds	-	2,976	-	-	2,976
Total Primary Government	<u>6,213,228</u>	<u>3,766,028</u>	<u>179,886</u>	<u>1,843,567</u>	<u>8,315,575</u>
Component Units:					
Parks and Recreation Authority	-	17,420	-	-	17,420
Health Department	-	120,861	-	-	120,861
Total Component Units	<u>-</u>	<u>138,281</u>	<u>-</u>	<u>-</u>	<u>138,281</u>
 Total Reporting Entity	 <u>\$6,213,228</u>	 <u>\$3,904,309</u>	 <u>\$179,886</u>	 <u>\$1,843,567</u>	 <u>\$8,453,856</u>

The County has \$179,886 in forgivable loans receivable. These loans are recorded in the following nonmajor governmental fund: CHIP Grant Fund. Amounts represent loans to individuals in conjunction with the rehabilitation of private property and down-payment assistance. Provided the terms of the loans are not violated, these loans will be forgiven at the end of the loan term. As the likelihood of violation of the loan terms, and thus cash repayment is remote, the County has elected to record an allowance for the total outstanding balance of the loans.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 3 - Detailed Notes on All Funds (Continued)

Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 3 - Detailed Notes on All Funds (Continued)

3-C. Property Taxes

The Board of Commissioners levies property taxes by or about July 24th of each year. Property taxes attach as an enforceable lien on property as of February 14th. Property taxes are billed on or about August 10th of each year and are due and payable on or about November 15th. The County bills and collects its own property taxes and also collects property taxes for the Floyd County Board of Education, the City of Rome, and the State of Georgia. Collection of the County's taxes, and for the other government agencies, is the responsibility of the Tax Commissioner's Office, which is accounted for in an Agency Fund. County property tax revenues at the fund reporting level are recognized when levied to the extent that they result in current receivables (i.e., collectible in 60 days). For 2014, property taxes were levied July 22, 2014, and were due November 17, 2014.

3-D. Capital Assets

Capital asset activity for the year ended December 31, 2014 was as follows:

Governmental activities:	Balance 12/31/13	Additions	Deductions	Transfers	Balance 12/31/14
Capital assets not being depreciated:

Note 3 - Detailed Notes on All Funds (Continued)

3-E. Interfund Balances and Transfers

Interfund balances at December 31, 2014, consisted of the following amounts and represent charges for services or reimbursable expenditures. These remaining balances resulted from the time lag between the dates that (1) interfund goods or services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting period, and (3) payments between funds are made. The County expects to repay all interfund balances within one year.

Payable to:	Payable from:							Total
	General Fund	Capital Projects Fund	Non-major Govt. Fund	Water System Fund	Forum Fund	Richard B. Russell Airport Fund	Non-major Enterprise Fund	
General Fund	\$ -	\$ 292,189	\$ 83,881	\$ 3,736	\$ 117	\$ 1,170	\$ 4,182	\$ 385,275

Non-major Gov. Funds	1,682,865	-	-	-	-	-	-	1,682,865
Water System Fund	-	125,000	-	-	-	-	-	125,000
Forum Fund	275,000	-	-	-	-	-	-	275,000
Internal Service Funds	816,135	-	-	-	-	-	-	816,135
Total	\$ 3,808,931	\$ 125,000	\$ 1,000,000	\$ 814,930	\$ 211,000	\$ 184,131	\$ 25,750	\$ 6,169,742

Transfers are used to report revenues from the fund that statute or budget requires to collect them, to the fund that statute or budget requires to expend them and unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations; to segregate money for anticipated capital projects; to provide additional resources for current operations or debt service; and to return money to the fund from which it was originally provided once a project is completed. In addition, during 2014, the 2009 SPLOST Fund transferred \$1,000,000 to the County's General Fund in lieu of an increase in the County's millage rate. As the projects approved in the 2009 SPLOST referendum have been substantially completed, State law allows for transfers of SPLOST funds for property tax relief. All County transfers either occur on a regular basis or are consistent with the purpose of the fund making the transfer.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 3 - Detailed Notes on All Funds (Continued)

3-F. Capital Leases

During the 2008 fiscal year, the County entered into a capital lease agreement with the Rome-Floyd Development Authority (RFDA) for the financing of the construction of the Forum Parking Deck in the amount of \$3,940,000 for 25 years at 4.5% to 5%. In December of 2014, the RFDA refunded a portion of the original tax-exempt bonds underlying the capital lease transaction and thus the County's capital lease was refinanced to reflect the partial refunding. In accordance with GASB Statement No. 62, the County has adjusted the lease obligation to the present value of the future minimum lease payments under the revised lease and recorded the resulting loss as a deferred outflow of resources which has a balance of \$265,000 as of December 31, 2014. This deferred charge will be amortized using the straight-line method as a component of interest expense.

The County also has entered into a capital lease agreement with the RFDA for the financing of the construction of the Georgia Northwestern Technical College Avionics building in the amount of \$1,280,000 for 12 years at 3.84%. This debt is paid by the Debt Service Fund.

These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of their future minimum lease payments as of the inception date.

The following is an analysis of leased assets under capital leases as of December 31, 2014, and the amortization of these assets which is included in the depreciation expense allocated amongst the functions on the statement of activities:

Historical Cost of Buildings	\$ 6,396,957
Less Accumulated Depreciation	(820,525)
Net Book Value	<u>\$ 5,576,432</u>

The future minimum lease obligations and the net present value of these minimum lease payments as of December 31, 2014, were as follows:

Year Ending 31-Dec	Governmental Activities
2015	\$ 380,630
2016	397,360
2017	397,996
2018	395,895
2019	396,570
2020-2024	1,319,980
2025-2029	1,322,676
2030-2033	1,060,400
Total minimum lease payments	<u>5,671,507</u>
Less: Amount representing interest	<u>1,375,275</u>
Present value of minimum lease payments	<u>\$ 4,296,232</u>

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 3 - Detailed Notes on All Funds (Continued)

3-G. Compensated Absences

Employees earn annual leave at the rate of 6 days per year for the first year of service up to a maximum of 16 days per year after fifteen years of service. There is no requirement that annual leave be taken annually, but the maximum permissible accumulation is 60 days. At termination, employees are paid for any accumulated annual leave. Employees earn sick leave at the rate of 12 days per year. There is no maximum accumulation. At termination, employees with ten or more years of service and employed prior to January 1, 1983, are paid for all sick leave accumulated at January 1, 1983, or the amount at termination, whichever is less. Persons employed after January 1, 1983, and before April 18, 1988, with 10 or more years of service shall be paid a maximum of 90 days of unused leave at termination, with the balance credited as service for the purpose of computing retirement. Persons employed after April 17, 1988 are not entitled to any payment for accrued but unused sick leave at termination; however, the sick leave is credited as service for those employees for the purpose of calculating retirement.

3-H. Long-term Debt

Primary Government Bonds - The following is a summary of the outstanding long-term bond issues at December 31, 2014:

Year Issued	Purpose	Interest Rate (%)	Interest Dates	Issue Date	Maturity Date	Original Authorized and Issued	Retired	Outstanding 12/31/2014
2010	Water refunding issue	2.00-5.65	05/01, 11/01	06/23/10	11/1/29	\$ 6,785,000	\$ 1,330,000	\$ 5,455,000

On June 23, 2010, the County's Water System issued water revenue bonds totaling \$6,785,000 with interest rates ranging from 2.00% to 5.65% to repay the County's outstanding 1999 Water Revenue Bonds and to finance certain additions, extensions and improvements to the water system of the County of \$1,795,000 and \$4,990,000, respectively. The refunding reduced the total debt service payments by \$533,984 over the next 6 years and resulted in an economic gain of \$500,309. The 1999 Revenue Bonds were called for redemption on June 24, 2010.

Notes Payable - In 2006 and 2007, the County incurred debt totaling \$1,339,704 through the Georgia Environmental Finance Authority (GEFA) for construction of various water system projects. The interest rate is 4.2% per annum, and repayment of principal and interest of \$10,044 is due monthly.

On January 6, 2014, the County entered into a loan agreement with GEFA to borrow up to \$2,326,419 for a water system project consisting of well rehabilitation, treatment plant improvements, and interconnection with a neighboring system. Project activities commenced in 2014 and as of December 31, 2014, the County has drawn \$1,716,360. Once the projects are completed, the loan will be finalized and a repayment schedule will be determined at that time.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 3 - Detailed Notes on All Funds (Continued)

3-H. Long-term Debt (Continued)

Certificates of Participation - In June 1998, the County entered into a lease pool agreement with the Georgia Municipal Association (the "Association"). The funding of the lease pool was provided by the issuance of \$150,126,000 Certificates of Participation by the Association. The Association passed the net proceeds through to the participating municipalities with the County's participation totaling \$2,777,000. The lease pool agreement with the Association provides that the County owns their portion of the assets invested by the pool and is responsible for the payment of their portion of the principal and interest of the Certificates of Participation. The principal is due in a lump sum payment on June 1, 2028. Interest is payable at a rate of 4.75% each year. The County draws from the investment to lease equipment from the Association. The lease pool agreement requires the County to make lease payments back into its investment account to fund the principal and interest requirements of the 1998 GMA Certificates of Participation.

As part of the issuance of the certificates of participation, the County entered into an interest rate swap agreement. Under the Swap Agreement, the County is required to pay (i) a semiannual (and beginning July 1, 2003, a monthly) floating rate of interest based on the Securities Industry and Financial Markets Association (SIFMA) Municipal Swap Index (plus a 31 basis points spread) to, or on behalf of, the Swap Counterparty (the "Swap Payment"); and the Swap Counterparty will pay to, or on behalf of, the County a semi-annual payment based on a rate equal to the fixed rate on the certificates of participation (4.75%) times a notional amount specified in the Swap Agreement, but generally equal to the outstanding unpaid principal portion of such Contract, less the amount originally deposited in the Reserve Fund relating to the Contract, and (ii) a one-time Swap Premium to be paid on the effective date of the Swap Agreement. The semiannual payments from the Swap Counterparty with respect to the County are structured, and expected, to be sufficient to make all interest payments due under the Contract, and related distributions of interest on the Certificates. Monthly interest payments between the County, the holders of the Certificates of Participation, and the Swap Counterparty can be made in net settlement form as part of this agreement. Under the Swap Agreement, the County's obligation to pay floating payments to the Swap Counterparty in any calendar year may not exceed an amount equal to the SIFMA Municipal Swap Index plus 5% to be determined on the first business day of December in the preceding year. This agreement matures on June 1, 2028, at the same time of the certificates of participation. This derivative qualifies as a fair market hedge.

In the unlikely event that the Swap Counterparty becomes insolvent, or fails to make payments as specified in the Swap Agreement, the County would be exposed to credit risk in the amount of the Swap's fair value. To minimize this risk, the County executed this agreement with counterparties of appropriate credit strength, with the counterparty being rated Aa3 by Moody's. At December 31, 2014, the floating rate being paid by the County is 0.34882% and the market value of this agreement is \$784,190, an increase of \$288,995 from the market value at the end of the previous fiscal year. The market value of the hedge was determined using settlement prices at the end of the day on December 31, 2014, based on the derivative contract. This market value is reported with other assets in the statement of net position. As this derivative is an effective hedge, qualifying for hedge accounting, the inflow from the hedge (any change in fair value from inception until fiscal year end) is deferred and reported as a deferred inflow of resources in the statement of net position.

All long-term obligations of the County's governmental activities will be financed through future General Fund expendable available financial sources as they become due. Principal and interest payments related to the County's Water System Fund revenue bonds and other long-term liabilities are financed from income derived from the operation of the Water System.

The compensated absences liability, net pension obligation, and net OPEB obligation will be paid from the fund from which the employees' salaries are paid. The significant funds are the General Fund and Water Fund.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 3 - Detailed Notes on All Funds (Continued)

3-H. Long-term Debt (Continued)

Revenue Bonds - Component Unit – On June 3, 2010, the Development Authority of Floyd County and the Rome-Floyd County Development Authority issued Taxable Revenue Bonds, Series 2010 and Tax Exempt Revenue Bonds, Series 2010 in the amounts of \$3,245,000 and \$4,620,000, respectively, for the purposes of repaying the Taxable Revenue Bonds, Series 2004 and acquiring land for economic development. The total principal amount of \$7,865,000 is due in annual payments on June 1 beginning in 2011 and maturing on June 1, 2025. Interest is due and payable semiannually on June 1 and December 1. According to the intergovernmental agreement between the Authorities, each is responsible for an equal share of the revenue bonds.

Annual debt service requirements to maturity on the Development Authority’s revenue bonds are as follows:

Year	Principal	Interest	Total
2015	\$ 182,500	\$ 136,069	\$ 318,569
2016	262,500	130,407	392,907
2017	270,000	122,748	392,748
2018	280,000	112,018	392,018
2019	292,500	98,692	391,192
2020-2024	1,600,000	278,725	1,878,725
2025	352,500	8,123	360,623
Total	<u>\$ 3,240,000</u>	<u>\$ 886,782</u>	<u>\$ 4,126,782</u>

Additionally, related to this joint project, the County has agreed to make all necessary payments to the development authorities in amounts to pay principal and interest on the bonds as they become due until such time that the land acquired for economic development can be sold and the debt retired. Thus, while the Development Authority of Floyd County only reports its share of the project debt, the County reports an intergovernmental agreement payable in the full amount of the debt outstanding as of December 31, 2014.

Conduit Debt – Component Unit – In November 2013, the Development Authority of Floyd County issued \$109,452,000 in aggregate principal amount of Development Authority of Floyd County Revenue Bonds (Berry College Inc. Project) Series 2013. The proceeds were used to refinance four (4) existing bond projects for which the Development Authority had previously issued bonds (“Previous Projects”). The proceeds of the Previous Projects were used to pay the costs of constructing and equipping various capital improvements to Berry College including, but not limited to, a new science center, new residence halls, and a new recreation center. As of December 31, 2014 the amount outstanding related to these bonds was \$108,215,700. Berry College is responsible for all payments related to the bonds and the Development Authority of Floyd County has no obligation to repay this debt. As a result, these bonds are considered conduit debt of the Development Authority of Floyd County and are not reported as liabilities.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements

Note 3 - Detailed Notes on All Funds (Continued)

3-I. Pensions

The County participates in the Association of County Commissioners of Georgia Pension Plan (ACCG Plan), an agent multiple-employer defined benefit pension plan, which covers all employees except those of the Rome-Floyd Parks and Recreation Authority (“Recreation Authority”), a component unit of the County. This plan, through execution of an adoption agreement is affiliated with the ACCG. The Floyd County Board of Commissioners has authorized the use of this plan for their employees. The ACCG, in its role as the Plan Sponsor, has the sole authority to amend the provisions of the ACCG plan, as provided in Section 19.03 of the ACCG plan document. The County has the authority to amend the adoption agreement, which defines the specific benefit provisions of the Plan, as provided in Section 19.02 of the ACCG plan document.

ACCG Plan

All full-time eligible employees participate in the ACCG Plan (“Plan”). Full-time employees with a date of hire prior to April 30, 2009, become participants on the January 1 following three (3) years of service (Group A). Group A is vested after five (5) years of service. Full-time employees with a date of hire on or after April 30, 2009, become participants on the January 1 following seven (7) years of service (Group B). Group B is vested after ten (10) years of service. Participants become eligible to retire at age 65 with three years of participation in the Plan. Upon eligibility to retire, participants are entitled to 1.00% of average annual compensation up to \$6,600 plus 2.00% of average annual compensation in excess of \$6,600 plus \$36 plus (for each year of credited service prior to January 1, 1989) 1.35% of average annual compensation up to \$10,000 plus 2.00% of average annual compensation in excess of \$10,000 plus \$36 (for each year of credited service beginning on or after January 1, 1989) all payable as a life annuity. County employees are not required to contribute to the Plan. The County contributes the entire cost of the Plan using the actuarial basis described in the annual valuation report

Compensation is averaged over a five-year period prior to retirement or termination. The Plan also provides benefits in the event of death or disability. These benefit provisions were established by an adoption agreement executed by the County Board of Commissioners.

A copy of the Plan’s financial report may be obtained from:

Government Employee Benefits Corporation of Georgia
400 Galleria Parkway, Suite 1250
Atlanta, Georgia 30339

The actuarial accrued liability (projected to January 1, 2014) was computed as part of an actuarial valuation as of January 1, 2014. Significant actuarial assumptions used in the valuation include (a) an assumed rate of return on assets of 7.75% per year compounded annually, (b) projected salary increases of 5.0%-7.5% (based on age) per year compounded annually and (c) no post-retirement benefit increase (lump sum post-retirement death benefits) or cost of living adjustments. Actuarial assumptions also include an expected inflation rate of 3% per year compounded annually included in the rates above.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 3 - Detailed Notes on All Funds (Continued)

3-I. Pensions (Continued)

ACCG Plan funding policy provides for contributions under the “Entry Age Normal” actuarial cost method. The actuarial asset valuation was determined using the actuarial value of investments. The unfunded actuarial accrued liability is being amortized as a level percent of pay on an open basis. The remaining amortization period at January 1, 2014 was 30 years.

Contributions totaling \$2,407,305 were paid in accordance with actuarially determined contribution requirements determined by an actuarial valuation performed as of January 1, 2014 for the 2014 Plan Year. The contributions represented 15.6% of the covered payroll for 2014. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of January 1, 2014.

The County’s actuarially required contribution, pension cost, and increase in net pension obligation for the year ended December 31, 2014, were computed as follows:

Actuarially required contribution	\$ (2,407,305)
Interest	(12,892)
Adjustment to actuarially required contribution	14,004
Annual pension cost	<u>(2,406,193)</u>
Actual contributions made	<u>2,407,305</u>
Increase in net pension obligation	1,112
Net pension asset (obligation), December 31, 2013	<u>(171,900)</u>
Net pension asset (obligation), December 31, 2014	<u><u>\$ (170,788)</u></u>

Fiscal Year Ended December 31,	Annual Pension Cost (APC)	Actual Pension Contribution	Percentage of APC Contributed	Net Pension Asset (Obligation)
2012	\$ 2,572,454	\$ 2,691,825	104.6 %	\$ (99,939)
2013	2,859,241	2,787,280	97.5	(171,900)
2014	2,406,193	2,407,305	100.0	(170,788)

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 3 - Detailed Notes on All Funds (Continued)

3-I. Pensions (Continued)

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits. Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as results are compared to past expectations and new estimates are made about the future. Actuarial calculations reflect a long-term perspective. Calculations are based on the substantive plan in effect as of January 1, 2014 and on the pattern of sharing costs between the employer and plan members to that point.

Schedule of Funding Progress

Actuarial Valuation Date	(1) Actuarial Value of Assets	(2) Actuarial Accrued Liability (AAL)	(3) Funded Ratio (1)/(2)	(4) Unfunded AAL/(UAAL) (2)-(1)	(5) Annual Covered Payroll	(6) UAAL as a Percentage of Covered Payroll
1/1/2014	\$ 45,447,920	\$ 52,891,765	85.9%	\$ 7,443,845	\$ 16,561,249	44.9%

GMEBS Plan

The Rome-Floyd County Parks and Recreation Authority (the “Parks and Recreation Authority”), as authorized by its Board of Directors, has established a defined benefit pension plan (The Rome-Floyd County Recreation Authority Retirement Plan). All Recreation Authority employees are eligible to participate in the plan, which is affiliated with the Georgia Municipal Employee Benefit Systems (GMEBS), an agent multiple-employer pension plan administered by the Georgia Municipal Association. Contributions made by the Parks and Recreation Authority are commingled with contributions made by other members of GMEBS for investment purposes. The Parks and Recreation Authority does not own any securities on its own. Investment income from the securities is allocated on a pro rata basis. The Georgia Municipal Association issues a publicly available financial report that includes financial statements and required supplementary information for GMEBS. That report may be obtained by writing to Georgia Municipal Association, Risk Management and Employee Benefit Services, 201 Pryor Street, NW, Atlanta, Georgia 30303 or by calling (404) 688-0472.

As provided by state law, benefit provisions for participants in GMEBS are established by respective employers. As authorized by the Board of Directors, the plan provides pension benefits and death and disability benefits for plan members and beneficiaries. All full-time employees are eligible to participate after one year of service. Benefits are fully vested after ten years of service. Participants become eligible for normal retirement at age 65 with five years of participation in the plan. Early retirement is attainable at age 55 with ten years participation. Benefits are calculated by multiplying 1.25% times the amount of the employee’s final average (last five years) earnings up to the social security index breakpoint (\$22,716 in 1994) and 2% times earnings, which exceed this breakpoint, times years, and months of credited service.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 3 - Detailed Notes on All Funds (Continued)

3-I. Pensions (Continued)

GMEBS Plan (Continued)

At July 1, 2014, the date of the most recent actuarial valuation, there were 61 participants consisting of the following:

Retirees and beneficiaries currently receiving benefits	19
Terminated vested participants not yet receiving benefits	8
Active employees	34
	61
	61

The Plan is subject to minimum funding standards of the Georgia Public Retirement Systems Standards law. The Board of Trustees of GMEBS has adopted a recommended actuarial funding policy for the plan which meets state minimum requirements and will accumulate sufficient funds to provide the benefits under the plan. The funding policy for the plan is to contribute an amount equal to or greater than the recommended contribution described below. For 2014, the actuarially determined contribution rate was 4.78% of covered payroll.

For 2014, the Parks and Recreation Authority's recommended contribution and annual pension cost was \$67,203. Actual contributions totaled \$67,203. The recommended contribution was determined as part of the July 1, 2013 actuarial valuation using the projected unit credit actuarial cost method. Actuarial assumptions include a 7.75% rate of return on investments, projected salary increases of 3.5%, and an inflation rate assumption of 3.5%. The amortization of the unfunded actuarial accrued liability is level dollar over 30 years for the initial unfunded accrued liability, 15 years for actuarial gains and losses, 20 years for plan provisions and 30 years for actuarial assumptions and cost methods. These amortization periods are closed for this plan year. The actuarial value of the plan assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over the Plan's life to date. The Recreation Authority's employees do not contribute to the Plan.

The following is a schedule of funding progress:

Schedule of Funding Progress						
Actuarial Valuation Date	(1) Actuarial Value of Assets	(2) Actuarial Accrued Liability (AAL)	(3) Funded Ratio (1)/(2)	(4) Over-Funded (1)-(2)	(5) Annual Covered Payroll	(6) UAAL as a Percentage of Covered Payroll
7/1/2014	\$ 3,836,016	\$ 2,727,388	140.65%	\$ 1,108,628	\$ 1,268,884	0.0%

The required schedule of funding progress immediately following the notes to the financial statements presents multi-year trend information about whether the actuarial value of the plan net assets is increasing or decreasing over time relative to the actuarial accrued liability.

Note 4 - Other Notes

4-A. Risk Management

The County maintains third party coverage for claims arising from property and casualty claims, general liability claims and medical claims. Settlements have not exceeded coverage for each of the past three fiscal years.

The County participates in the Georgia Interlocal Risk Management Agency Property and Liability Insurance Fund and the Association of County Commissioners of Georgia Group Self-Insurance.

As part of these risk pools, the County is obligated to pay all contributions and assessments as prescribed by the pools, to cooperate with the pools' agents and attorneys, to follow loss reduction procedures established by the pools, and to report as promptly as possible, and in accordance with any coverage descriptions issued, all incidents which could result in one of the pools being required to pay any claim of loss. The County is also to allow the pools' agents and attorneys to represent the County in investigation, settlement discussions and all levels of litigation arising out of any claim made against the County within the scope of loss protection furnished by the pools.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 4 - Other Notes (Continued)

4-A. Risk Management (Continued)

The fund is to defend and protect the members of the funds against liability or loss as prescribed in the member government contract and in accordance with the workers' compensation law of Georgia. The fund is to pay all costs taxed against members in any legal proceeding defended by the members, all interest accruing after entry of judgment, and all expenses incurred for investigation, negotiation, or defense.

The County maintains a Workers' Compensation Self-Insurance Fund, which is an internal service fund, to account for resources used in payment of workers' compensation claims. The County has entered into a contract with a third party to administer the Workers' Compensation Program. The County maintains third party insurance coverage from a private insurance carrier for claims that exceed \$250,000 per occurrence or a \$1,000,000 aggregate, stop loss limit. The County is a member of the State of Georgia Subsequent Injury Trust Fund, which provides reimbursement to individual participants, should a claim be filed by an employee who has suffered previous injury before employment with the County. During 2014, the County was reimbursed from the Subsequent Injury Trust Fund for claims above the stop loss limit. The County accrued a liability for workers' compensation claims that were incurred prior to year-end but were not paid until the following fiscal year. For purposes of estimating the unpaid claims liability as of December 31, 2014, the County's third party administrator computed the reserve liability based on the estimated cost of each outstanding claim from claims experience of similar claims. Changes in balance in claims liabilities can be summarized as follows:

Date	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	End of Fiscal Year Liability
2012	\$ 633,910	\$ 1,111,169	\$ (687,429)	\$ 1,057,650
2013	1,057,650	1,014,357	(794,030)	1,277,977
2014	1,277,977	595,856	(979,051)	894,782

4-B. Contingent Liabilities

The County has received federal and state grants for specific purposes that are subject to review and audit by the grantor agencies or their designee. These audits could result in a request for reimbursement to the grantor agency for costs disallowed under terms of the grant. Based on prior experience, the County believes such disallowance, if any, will be immaterial.

The County is involved in a number of legal matters at December 31, 2014. In the opinion of County management, the outcome of these contingencies will not have a material effect on the financial position of the County.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 4 - Other Notes (Continued)

4-B. Contingent Liabilities (Continued)

In June 2002, the Floyd County Hospital Authority issued \$35 million in bonded debt. The County has pledged limited taxing ability up to 7 mills, should the Hospital Authority be unable to service the debt. However, the Hospital Authority has complete responsibility for retiring the debt. Consequently, the County has not reported this debt in its financial statements due to the contingent nature of its responsibility.

In June 2003, the Floyd County Hospital Authority issued \$40 million in bonded debt. The County has pledged limited taxing ability up to 7 mills, should the Hospital Authority be unable to service the debt. However, the Hospital Authority has complete responsibility for retiring the debt. Consequently, the County has not reported this debt in its financial statements due to the contingent nature of its responsibility.

In June 2009, the Floyd County Hospital Authority issued \$40 million in bonded debt. The County has pledged limited taxing ability up to 7 mills, should the Hospital Authority be unable to service the debt. However, the Hospital Authority has complete responsibility for retiring the debt. Consequently, the County has not reported this debt in its financial statements due to the contingent nature of its responsibility.

In June 2012, the Floyd County Hospital Authority issued \$51.885 million in bonded debt. The County has pledged limited taxing ability up to 7 mills, should the Hospital Authority be unable to service the debt. However, the Hospital Authority has complete responsibility for retiring the debt. Consequently, the County has not reported this debt in its financial statements due to the contingent nature of its responsibility.

4-C. Jointly Governed Organizations

Together with the City of Rome and Floyd County, the State of Georgia has established the Sara Hightower Regional Library Board of Trustees to operate a jointly governed library system. The City and County have each appointed two representatives to the twelve-member Library Board of Trustees, and as such do not exercise any direct control over the operations or the financial management of the Library. The remainder of the Trustees is appointed in accordance with State guidelines. The State provides general oversight responsibility through its Department of Education.

Under Georgia law, the Library Board of Trustees has the authority to designate the management of the Library, to access unreserved fund balances, to control Library fiscal matters and budgets, and the ability to significantly influence operations. These duties and responsibilities along with other management functions are expressly reserved to the Board of Trustees of the Library. Based on the criteria noted, the Sara Hightower Regional Library is an independent reporting entity.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 4 - Other Notes (Continued)

4-C. Jointly Governed Organizations (Continued)

Floyd County, Georgia and Gordon County, Georgia established a Joint Development Authority for the development and management of a sixty-four acre industrial park centrally located between each county. The six person governing board of the Joint Development Authority is composed of three representatives from each county government. Neither county exercises direct control over the Joint Development Authority, as would be exhibited by a voting majority on the Board. Additionally, the Joint Development Authority operates without the imposition of either county's will on its operations. Due to the criteria noted above, the Gordon/Floyd County Development Authority is an independent reporting entity.

Floyd County, Georgia and the City of Rome, Georgia have formed a joint commission to provide landfill facilities for citizens of Rome and Floyd County. The joint commission which governs the actions of the solid waste facility is comprised of two members appointed by the Floyd County Commission and two members appointed by the Rome Commission. Additionally, the city manager and the county manager will serve on the Joint Commission as non-voting members.

Floyd County, Georgia and the City of Rome, Georgia have responsibility for ensuring the financial viability of the solid waste facility should the obligations of the facility not be met internally. However, the facility should accumulate sufficient financial resources from services provided by the facility to function without placing a significant financial burden on either of the parties participating in the joint commission. The Solid Waste Commission reported net position of \$3,629,006 for the year ended December 31, 2014.

A complete copy of these statements can be obtained from the City of Rome Finance Department.

4-D. Joint Ventures

Under Georgia law, the County, in conjunction with other cities and counties in the Northwest area, is a member of the Northwest Georgia Regional Commission (NWGRC). Membership in NWGRC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34, which provides for the organizational structure of the NWGRC. Membership in the NWGRC includes the chief elected official of each county and municipality of the area. OCGA Section 50-8-39.1 provides that the member governments are liable for obligations of the NWGRC. During the year, the County paid \$58,687 in dues to the NWGRC. The financial requirements of the County related to the NWGRC are limited to the amount of its annual dues. Separate financial statements may be obtained from the NWGRC, Jackson Hill, Rome, GA 30161.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 4 - Other Notes (Continued)

4-E. Other Post-Employment Benefits

In addition to providing pension benefits, the County provides certain health care benefits for retired employees between the ages of 60 and 65 through a single-employer, defined benefit plan. Substantially all of the County's employees may become eligible for those benefits if they reach early retirement age while working for the County with a minimum of ten years of service. The County contributes approximately 70% of the cost of these benefits while the retiree contributes approximately 30%. The provision of these benefits, along with the County's obligation to contribute, is established under the authority of the Board of Commissioners through passage of a local ordinance. At December 31, 2014, there were 27 retirees eligible for the benefits. The County recognizes the pay as you go cost of retiree health care benefits as an expense as claims are incurred. For 2014, those total \$103,719.

Membership

The following schedule (derived from the most recent actuarial valuation report) reflects membership for the OPEB Health Care Plan as of January 1, 2014.

Active members	505
Retired members	139
Total	644

Contributions

The County contributed \$103,719 to the OPEB Health Care Plan in fiscal year 2014. The annual required contribution amount is determined using actuarial methods and assumptions approved by the Commission. The Commission establishes and may amend the funding policy for the OPEB Health Care Plan. The Plan does not issue a separate financial report.

2014 Schedule of Employer Cost and Contributions:	
Annual Required Contribution	\$ 582,243
Interest on OPEB Obligation	88,653
Adjustment to the ARC	(84,691)
Annual OPEB Cost	586,205
Actual Contribution	(103,719)
Increase in net OPEB obligation	482,486
Net OPEB obligation, December 31, 2013	2,216,327
Net OPEB obligation, December 31, 2014	\$ 2,698,813

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 4 - Other Notes (Continued)

4-E. Other Post-Employment Benefits (Continued)

Fiscal Year Ended December 31,	Annual OPEB Cost	Actual OPEB Contribution	Percentage of OPEB Cost Contributed	Net OPEB Obligation
2012	\$ 574,994	\$ 80,462	13.99%	\$ 1,949,184
2013	593,050	325,907	54.95%	2,216,327
2014	586,205	103,719	17.69%	2,698,813

OPEB Health Care Plan

As of the most recent valuation date, January 1, 2014, the funded status of the OPEB Health Care Plan was as follows:

Actuarial Value of Asset	\$ -
Actuarial Accrued Liability (AAL)	5,225,574
Unfunded Actuarial Accrued Liability (UAAL)	5,225,574
Funded Ratio	0.00%
Covered Payroll	22,056,889
Unfunded Actuarial Accrued Liability as a Percentage of Covered Payroll	23.69%

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continued revision as results are compared to past expectations and new estimates are made about the future. The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

FLOYD COUNTY, GEORGIA
Notes to the Basic Financial Statements
For the Year Ended December 31, 2014

Note 4 - Other Notes (Continued)

4-E. Other Post-Employment Benefits (Continued)

Actuarial calculations reflect a long-term perspective. Calculations are based on the plan in effect at January 1, 2014. The assumptions used in the January 1, 2014 actuarial valuation are as follows:

Cost Method	Projected Unit Credit
Amortization Method	Level Percentage of Pay, Open
Remaining Amortization Period	30 Years
Asset Valuation Method	Market Value of Assets
Investment Rate of Return (Includes inflation at 3.00%)	4.00%
Medical Cost Trend Rates	
Pre Medicare	7.75% - 5.00%
Post Medicare	5.75% - 5.00%
Year of Ultimate Trend Rate	2019

4-F. Hotel/Motel Lodging Tax

The County imposes a 6% hotel/motel lodging tax for the purpose of promoting tourism as authorized in Georgia Law (O.C.G.A 48-13-51(a)(4.2)). A summary of transactions for the fiscal year ended December 31, 2014 is as follows:

Fund balance as of December 31, 2013	\$ -
Tax collections during fiscal year 2014	93,214
Disbursements during fiscal year 2014 for tourism and public affairs	<u>(93,214)</u>
Fund balance as of December 31, 2014	<u><u>\$ -</u></u>

4-G. Subsequent Event

On April 1, 2015, the Board of Commissioners of Floyd County and the Rome City Commission (City) entered into a new agreement with the Rome-Floyd Parks and Recreation Authority. At that time, all employees of the Parks and Recreation Authority became employees of Floyd County. The Authority relinquished oversight of the Director and Recreation employees, as well as financial oversight of operations. Managers of the City and the County are jointly responsible for the selection, appointment and annual review of the Director of Parks and Recreation.

No later than January 1, 2016, the City will maintain specific facilities outlined in the agreement at its sole expense. There are also specific Joint facilities that will be operated, maintained and managed under the direction of the Director of Parks and Recreation. The operation and maintenance of all facilities will continue at a level that is equal to or greater than prior years.

The term of the agreement is three (3) years and will automatically renew for three (3) years unless either the City or the County notifies the other at least sixty (60) days prior to automatic renewal, of its intent to non-renew. Either the City or the County may terminate this agreement without cause upon twelve (12) months' notice to the other.

FLOYD COUNTY, GEORGIA

*Notes to the Basic Financial Statements
For the Year Ended December 31, 2014*

Currently, the Rome-Floyd Parks and Recreation Authority is reported as a component unit of Floyd County. Starting in 2015, the County anticipates accounting for the Parks and Recreation Authority as a Special Revenue Fund.

Collections for the City of Rome, Georgia to be allocated when funds are requested by the City (See Note below):				<u>2,630,034</u>		
Total Expenditures of Special Purpose Local Option Sales Tax (All Years) - For the Year ended December 31, 2014:				<u>\$ 7,097,481</u>		
Reconciliation to Statement of Revenues, Expenditures, and Changes in Fund Balances:						
				\$ -		
				40,870		
				471,775		
				1,141,639		
				5,443,197		
				<u>\$ 7,097,481</u>		

Note: The voter approved referendum for the 2013 SPLOST calls for the City of Rome to receive 36.34% of the total revenues collected. Pursuant to an intergovernmental agreement, Floyd County holds the City's portion of the revenues until requisitioned by the City for specific project costs. Therefore, this amount represents the City's portion of SPLOST revenues for 2014 that have yet to be allocated to specific projects. Once requisitioned by the City, the costs will be allocated to the specific projects listed above.

STATISTICAL SECTION

This part of Floyd County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the government's ability to issue additional debt in the future.

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Note: The county began to report accrual information when it implemented GASB Statement 34 in fiscal year 2003.

(1) - The 2012 information for the Business-type activities is restated to reflect the implementation of Governmental Accounting Standards Board Statement No. 61, *The Financial Reporting Entity: Omnibus and Amendment of GASB Statements No. 14 and No. 34*. The Richard B. Russell Airport is now reported as a proprietary fund of the County as it no longer meets the criteria to be reported as a discretely presented component unit.

(2) - The Development Authority of Floyd County and the Rome-Floyd Development Authority jointly issued bonds in 2010 to finance the acquisition of property for economic development. In accordance with the intergovernmental agreement, the Development Authority of Floyd County has reported its share of the debt (50%); however, at the time of issuance of the bonds, the County should have recorded a long-term liability for the entire amount of the bonds as the intergovernmental agreement stipulates that the County will provide funds necessary to make the principal and interest payments on the debt until such time as the development authorities sell the property and retire the remaining outstanding bonds.
