ADDENDUM I

Please see the following updates to the scope of work for Bid# 041-19 Barron Stadium Press Box Renovation.

- Owner purchased LVT flooring will be installed by the contractor throughout the entire press box including the bathroom.
- The bathroom walls will need to be painted by the contractor
- The two rooms where the wall will be removed will each keep the door and door frame.
- The new roof will need to have barriers that keep birds from getting under the roof

Bleacher Handrails

- The aisle must be at least 48” wide when there is seating on either side
- There must be at least 23” between the seats and an aisle stair handrail
- The handrail can span a maximum of 5 rows
- The space between one handrail to the other is a minimum of 22” and a maximum of 36”
- The handrail itself must be between 34” and 38” tall with an intermediate handrail 12” below the main handrail
